The Parkland-style layout features fairways lined with mature trees, which not only enhance the natural beauty of the golf course but can also affect shots. Four lakes are located on the flat terrain of the course, providing water hazards playing in five holes. The sand bunker also surrounds every green. The Orange Tree Golf Resort course finished with its signature hole, where water cut into the fairway and proceeded to get off the left side all the way to the green. It also requires accuracy on a shot approach to hit the surface of a small layer surrounded by intellate elements. But if you get a good discount round, it's worth the time to play OT. We always enjoyed Orange Tree.We had a threesome, each in an individual trolley. Lovely hotel and service with a smile but generally is in the excellent Coji Nice layout, as traditionally established. Courses are in good shape except bunkers with very little sand in them. The biggest issue is really slow playing, and not marshall in sight throughout the day, not even the beginning. As residents round a year who can play the best courses for cheap in the summer, it's hard to pay an extra \$200 for the winter rate. Orange trees are a nice course at a good price that is fun to play winter. For Scottsdale this is a great course for prices. Not equivalent to a better resort course but well kept. Always crowded but they work hard to keep you moving. They paint vegetables that I don't like. The course has a sense of Midwestern golf with a simple layer of fairways and layout. Has a group of 8 (2 foursomes) for family golf during the holidays. We all enjoy it. The only downside is that after a round we would love to eat and drink on the beautiful outdoor terrace. Instead we drove to a nearby restaurant because Orange Tree doesn't have a full-service restaurant at the moment. Rangers bother us twice about our beatings. FINISHED IN 3 HOURS. 45 MINUTES. There shouldn't be punished because there are bad pacing. Pay for fun not to join the sprint race. Page 2 Course 17509 | 1072507 Review Avg. Off-Course Facility Avg. Value for Money Avg.
